

A TIME FOR ACTION - Part 2 of 2

THE DIVINE PLAN FOR 2007

From the moment 2007 was breathed onto the Screen of Life, the I AM Presence of every man, woman and child has been flooding the Earthly Bodies of each one with the maximum frequencies of Healing Light that Cosmic Law will allow. The intent of this Divine Intervention is to prepare every soul evolving on Earth to be able to withstand the integration of the I AM Presence and the 5th-Dimensional Solar Light Bodies.

This process of Divine Alchemy will transform Humanity from carbon-based planetary Human Beings into crystalline-based Solar Light Beings. Humanity is in various stages of readiness, and these physical changes are affecting people in a multitude of ways.

There are Lightworkers who have been preparing for decades for this moment. Others have recently awakened and are just beginning to realize the opportunity at hand. There are many others who are still in a deep sleep spiritually and do not have a clue what is happening to them at this time. For this reason, there is an urgency of the hour.

A profound Truth from the core of Creation is resounding through the ethers:

THERE IS NO SEPARATION!

We are all One, and we are all in this together. What affects one facet of Life affects all Life. The Divine Opportunities being presented to one Human Being are available to ALL Human Beings. This is true regardless of how oblivious a person may be of those opportunities.

The Beings of Light in the Realms of Illumined Truth are strongly impressing on Humanity's conscious minds the fact that we are living in a new paradigm. The ancient prophecies that indicated millions of souls would be left behind because they would not be ready to make the shift into the 5th Dimension are OBSOLETE. That troubling scenario has been averted through selfless acts of Divine Love and the tireless efforts of myriad Lightworkers over the past one hundred years.

I know from outer appearances it looks like the horrific things taking place on Earth are involving the masses of Humanity, but that is an illusion. In Truth, the terrible things we are perceiving through the media involve a mere fraction of the six billion souls evolving on this planet. The vast majority of people around the world are loving people who are striving to live positive lives. Everyday billions of people on Earth turn their attention to God and invoke the highest good for their loved ones and all Humanity. These prayers are always heard, and they are being answered.

The collective consciousness of Humanity has reached a critical mass of compassion for all Life on this planet. Whenever there is a tremendous outpouring of compassion and love for our fellow Human Beings and the other Lifestreams evolving on Earth, the Heavens respond, and special Cosmic Dispensations are granted by our Father-Mother God. This influx of Light often results in what we perceive to be miracles. A miracle occurred in August, 21 002, that was beyond the greatest expectations of Heaven. That event changed the course of history.

During a powerful activity of Light in 2002, the Solar Logos, Alpha and Omega, who are the representatives of our Father-Mother God from our Central Sun, drew into the Divinity of their Heart Flames every soul on Earth who was resisting the opportunity to Ascend into the 5th Dimension with the rest of our Solar System. This event occurred in the souls' finer bodies, as they slept at night.

One by one the recalcitrant souls came into the Heart Flame of Alpha and Omega. Some responded in spite of their ego's defiance; some came out of curiosity; some responded out of

confusion; some out of fear and some out of an inner knowing, but they ALL came and stood before the Solar Logos of our Central Sun.

For one Cosmic Instant, Alpha and Omega set aside every souls' gift of free will. In that rare moment of Divine Grace, each one was compelled to peer into the mirror of Life and observe, for the first time in millions of years, his or her own Divinity. When the very last laggard soul had observed his Divinity, Alpha and Omega sounded a Cosmic Tone and restored the souls' gift of free will.

Alpha and Omega then directed the Builders of Form, Elohim Orion and Angelica, to expand the Flame of Transfiguring Divine Love in the laggard souls' Heart Flames. As the Divine Intelligence within this Flame was intensified, the Truth of the recalcitrant souls' Divinity was activated within their genetic codings. With a level of clarity they had not experienced since their fall aeons ago, the laggard souls were shown the Truth of their Divine Heritage as Beloved Sons and Daughters of God. They were then shown what they would need to do in order to transmute their wayward behaviour patterns and reclaim their pathway Home to the Heart of God.

After that phase of the Divine Initiation, Alpha and Omega gave each laggard soul one last chance to choose to Ascend into the 5th Dimension with the rest of the Solar System. To the amazement and elation of the entire Company of Heaven who were witnessing this event, every single laggard soul chose to make the shift into the 5th Dimension. Then each one took vows to do what is necessary to accomplish their Ascension. Their agreements and their vows were recorded in their Heart Flames and their Etheric Bodies and have been filtering into their conscious minds day by day.

With the God Victorious accomplishment of that miraculous event, a Cosmic Tone reverberated from the Heart of our omnipresent, omniscient, omnipotent Father-Mother God, All That Is. The mighty Builders of Form responded, and the old Earth was breathed into the embrace of the New Earth. In an instant, the two Earths became One.

Since that time, the Light of God has been bathing the Earth, and everything that conflicts with that Light is being pushed to the surface to be transmuted back into its original perfection. This includes all of the distorted, human miscreations that were going to be left behind with the laggard souls and the old Earth. Now those painful miscreations have to surface to be healed. This is causing tremendous chaos, pain and suffering all over the planet. One thing is certain, however. Our Father-Mother God would never have allowed this miracle to occur if it was going to cause more harm than good.

The reason the two Earths were allowed to become One is because our Father-Mother God perceive the courage of embodied Lightworkers. They see the commitment within our hearts and the dedication within our very souls. They know that we are willing to serve the Light by becoming surrogates on behalf of Humanity. They know of the vows we took in the Heart of God to be our beloved sisters' and brothers' keepers. They also know that we are going to respond to our heart's call and that we are determined to be the Instruments of God we are capable of being.

The Earth and ALL her Life are counting on this profound Truth. The Legions of Light throughout Infinity are depending on you and me and every other Lightworker on the planet for the fulfilment of the Divine Plan this year. As I mentioned, our Father-Mother God have issued the Divine Fiat that 2007 is the year in which the cycles of destruction will come to an end.

For the past four and one-half years, a purging of monumental proportions has been taking place on Planet Earth. Now it is time for that process to be brought to fruition. The way that will occur is for the I AM Presence of every man, woman and child to be given full dominion of the physical, etheric, mental and emotional bodies of each one. Then the 5th-Dimensional Solar Light Bodies will be integrated, and Humanity will be lifted into the frequencies of limitless physical perfection.

The only way this Divine Alchemy can occur is if Humanity's Earthly Bodies are vibrating at a frequency that is compatible with the I AM Presence. Otherwise, these vehicles will not be able to withstand the higher energy.

The problem at this moment is that many people are so caught up in the purging process of their own lives and the negative events taking place on Earth that their bodies are trapped in the discordant frequencies of aging, addictions, compulsive behaviour patterns, disease, degeneration, anger, fear, pain and suffering. These people have not been able to raise their heads above their own painful experiences effectively enough to perceive their options or to even see the Light. This is true not only of souls who are still asleep, but it is the state of existence for many awakened Lightworkers as well.

In order for the Divine Plan for 2007 to be fulfilled, this situation must be solved. That, in fact, is what we are being called upon to accomplish. Through the Grace of God, we have the entire Company of Heaven standing in readiness awaiting the opportunity to assist us.

As you read these words, allow them to resonate in your heart of hearts. Remember, it is not by chance that your I AM Presence has brought this information into your sphere of awareness. You are being called to action, and there are myriad ways in which you can participate in this Divine Mission. Your I AM Presence will guide you unerringly to your right and perfect place.

Because of the urgency of the hour, a special Cosmic Dispensation has been granted by our Father-Mother God. This dispensation will allow the Elohim and the Directors of the Elements to assist Humanity in unprecedented ways.

These Beings of Light have been given permission to work with the Body Elementals of Lightworkers to greatly accelerate the process of Ascending into the limitless physical perfection of our Solar Light Bodies. This will allow our I AM Presence to take full dominion of our thoughts, words, actions and feelings much sooner than we ever dreamed possible. What this means, on a personal level for each of us, is the physical transformation we have always known would one day occur for the evolutions of Earth.

The reasons for this Divine Intervention are manifold. For one thing, as we are lifted up, all Life is lifted up with us. As we apply the universal Truths associated with physical transformation, we will create an upward rush of Light and Love that will form a pathway for our fellow Human Beings to follow.

Another reason for this monumental assistance is that a picture is worth a thousand words. The only way we ever teach anyone anything is by example. When we are tangibly demonstrating the process of physical transformation, others will accept the reality of this option in ways they have not been able to in the past.

And the most important reason of all is the added assistance that is going to be given to the numerous souls who are trapped in the pain and suffering of their own human miscreations. This is the facet of the Divine Plan that we at the New Age Study of Humanity's Purpose, Inc. have been asked to cocreate in cooperation with the Company of Heaven.

If you feel the Heart Call to join in this service to the Light, from the moment you choose to participate the floodgates of Heaven will open to assist you. That is our Father-Mother God's promise to you from On High.

The Mighty Elohim, who are the Builders of Form, and the Directors of the Elements, the Beings of Light who guide and direct the Elemental Kingdom, have been given permission to assist you by amplifying your efforts in this holy endeavour the maximum that Cosmic Law will allow. Daily and hourly, these Beings of Light will work with your I AM Presence and your Body Elemental to transform your Earthly Bodies into the limitless physical perfection of your Solar Light Bodies.

The Elohim and the Directors of the Elements will blaze the Twelve 5th-Dimensional Solar

Aspects of Deity, known as the Circle of the Sacred Twelve, through your 5th-Dimensional Solar Spine and your corresponding Twelve Solar Chakras. This crystalline Sacred Fire will blaze in, through and around every atomic and subatomic particle and wave in your physical, etheric, mental and emotional bodies. Then these august Beings of Light will fill the energy bonds and spaces in-between the subatomic particles with Transfiguring Divine Love from the very Heart of God.

This incredible gift of assistance is just the beginning. As you proceed day by day, you will Ascend further into the frequencies of the 5th Dimension, thus creating a pathway of Light over which the recalcitrant souls who have chosen to Ascend will find their way out of the darkness that has blinded them.

You will then be asked to join other Lightworkers, either physically or in consciousness, for the final phase of the Divine Plan. This particular plan has never been attempted in any System of Worlds. The Beings of Light have asked that we draw Lightworkers from all over the world into the Portal of the Flame of Healing Through the Power of Limitless Transmutation and the Flame of Transfiguring Divine Love. This Portal of Light is located in the area of Tucson, Arizona, in the United States of America.

The vehicle that will be used to gather the Lightworkers will be the Twenty-first Annual World Congress On Illumination. This event will be held during the twentieth anniversary of Harmonic Convergence, August 11-16, 2007. The location will be the beautiful Loews Ventana Canyon Resort in the foothills of Tucson. It will be a celestial experience for all in attendance.

During this sacred and holy week, Lightworkers from all over the world will respond to their Heart's Call and come to Tucson to selflessly serve as surrogates on behalf of the souls who are struggling so desperately to transmute their human miscreations in time to make the shift into the 5th Dimension.

As we can see by observing the horrific things manifesting in the physical plane, many of our sisters and brothers have been overwhelmed by their past negativity. Instead of transmuting these surfacing patterns into Light, they are latching onto them and exacerbating the problem. They are acting out in deplorable ways, and instead of lifting above the negativity and transmuting the distorted patterns, as they promised to do, they are making things worse.

Our Father-Mother God knew this was a possibility. They allowed this process to unfold anyway, because they knew that there would be Lightworkers in embodiment with the WILLINGNESS to step in and help. The need has arrived, and our God Parents have sent forth the Clarion Call. The time for action is NOW!

It is important for as many Lightworkers as possible to gather within the Portal of the Flame of Healing Through the Power of Limitless Transmutation and the Flame of Transfiguring Divine Love in Tucson for this phase of the Divine Plan. Listen to your heart, and see if you are being called to action for this service to the Light.

If you have the Heart Call to come to Tucson, ask the Beings of Light to help you in any way you need assistance, so you can attend. When you dedicate your life to being an Instrument of God on behalf of Humanity, the floodgates of Heaven open in response to your heartfelt commitment.

Those of you who volunteer to gather in the Forcefield of Light in Tucson will be prepared day by day in unprecedented ways by your I AM Presence. From the moment the decision is made to come to Tucson, your Earthly Bodies will be purified and raised in energy, vibration and consciousness. By the time you arrive in Tucson, you will be ready to be a mighty 5th-Dimensional Transformer of Light.

The full-gathered momentum of your Divine Light will be woven into the portal in Tucson, and you will create a sacred space for a powerful Healing unlike anything Humanity has ever experienced.

The Light of God will pour through the collective Heart Flames of the Lightworkers gathered at the World Congress On Illumination. This Light will form an atomic accelerator and magnetize into this Forcefield of Light the souls who are feeling overwhelmed by the purification taking place in their own lives and on the Earth. This Healing will include every struggling soul from Lightworker to neophyte who has not been able to lift up enough to experience the wondrous energies of the 5th Dimension. It will include every person who is experiencing pain and suffering through the accelerated purification process the Earth is now going through.

This miraculous Healing will accelerate the physical, etheric, mental and emotional bodies of every soul who is having difficulty integrating into his or her Solar Light Bodies. This will clear the way for the integration of the I AM Presence and is a merciful act of Divine Grace beyond our comprehension.

In order to glimpse what this means for the mass consciousness of Humanity, we need only reflect on the I AM Presence. This aspect of our own Divinity is One with our omniscient, omnipresent, omnipotent Father-Mother God. It functions from the full knowing of the Oneness of ALL Life. It always responds with the highest good for all concerned. When this Divine Presence is in control of our thoughts, words, actions and feelings, the bliss of the Heavenly Realms is a manifest reality wherever we are. Just imagine.

Lifetime after lifetime, we have waded through "dark nights of the soul," and we have experienced weeping and wailing, as we stumbled through our valley of tears. We did not agree to go through these experiences because we were masochistic. We agreed to go through them because we were shown this moment.

Our Father-Mother God revealed to us that through our valiant efforts and our selfless service to the Light, one day we would have the final opportunity to assist every single one of our fallen brothers and sisters into the Light. When we witnessed that glorious potential, we knew that no matter what we had to endure to get to that moment, it would be worth it. Well, this ! is that moment. Our opportunity is at hand.

Ask your I AM Presence; listen to your heart of hearts, and you will be guided on how you can best add to the Light of this monumental facet of the Divine Plan.
