> I'LL SEE IT WHEN I BELIEVE IT

>

> Written by Gillian MacBeth-Louthan

>

>

> August 2004 is all about change and I don't mean that loosely. Change, Change change is echoing in the chambers of our souls. Following the direction of our heart is not a job for sissies. It takes a tough dedicated spiritually strong person to do the bidding of the heart and soul. 2004 has been a time of metamorphosis. The hard way the easy way and every way. We have been stripped down to our barely human essentials. Standing in front of the great all seeing mighty Oz, we bare our souls, leaving them out to dry in the summer's heat like a wet ocean soaked towel.

>

> Feeling so ready to shift, wanting to experience the shift in one quantum leap instead of one hundred baby steps. "Just jump" your Soul commands, you freeze like a novice skydiver, "just jump into the shift, into the change, into the divine plan that is waiting like a soft cushion". We have all intentions of moving forward quickly, silently, lovingly and happily. As we ready ourselves for change we expect all of our cosmic duckies to be in a row. Lined up and bobbing to our personal wavelength. We look to our world to reflect our creation but nothing seems to be reflected in it that mirrors the image in our mind. We then begin to question our abilities, our intentions, our prayers and our worthiness,

>

> OK God you said SHIFT/CHANGE/MOVE FORWARD/GET OUT OF THE RUT. I'm ready, I'm able and I'm willing. Show me the rabbit hole in which this shift lives. The universe smiles from within and points to a clause we all signed before coming incarnating. What about the 'I'LL SEE IT WHEN I BELIEVE IT CLAUSE', GOD WHISPERS?

>

> We have entered a new level, bigger doorway of Creational energy. No longer are we mild mannered humans praying, asking, or conjoling an almighty God to give to us as helpless little baby birds. We have achieved Creational Maturity.

>

> From this point forward in our evolutionary upgradement creations will only be birthed when we embrace the "I'LL SEE IT WHEN I BELIEVE IT CLAUSE". In this raised understanding of creation we are asked to be mature in our manifestations. To create concisely not haphazardly. Not to curse our creations when they do not appear on the date and time we expect them to arrive. Our curses send them immediately back through time and space into the ethers, to sit in the un-creational waiting room.

>

> You are the Creator of your own circumstances. What you have created you can change. When we react to sudden chaos/or negative changes in our life we delay the purpose of creation. If we accept chaos as an opportunity for spiritual elevation, negativity will disappear. We alone determine the amount of time in which turmoil passes. It is time to stop poisoning our future with our doubt.

>

> In this new level of Creatorship we cannot doubt any of our intentions no matter how slight. We need to ready our selves for the lessons in all situations, if your intention is to manifest a certain set of life experiences and you do not see the blueprint in your world, then understand the manifestation is large of molecule and must pass through several layers of light in order to be brought forth in concentrated form.

>

> The summer sun will force us all into the shade of our new thinking, looking at how we have created and uncreated since the beginning of time. We truly are experts at this game of creation and it is time to remember that in our every thought.

> DAUGHTERS OF THE GRAIL

>

> Mary Magdalene speaks

>

> Channeled by Gillian MacBeth-Louthan

>

>

> Daughters of the Light, daughters of the Heart, my daughters of the Grail as I have been with you all on this day, you have opened me up to see parts of myself that live within you. Parts of myself that I walked away from when I left human form, parts of myself that I too still need to heal. For even in the light of ascension so much continues to evolve. I thank you for mirroring to me a part of my heart as you went through your own personal openings, your personal pains, and your personal misgivings about this day.

>

> You are daughters of the Grail, the Sun Grail. You are daughters of the Holy Encodings, and you hold within you and the alignment of your body and flesh, a message. A message that is written in mirror image, a message that is encoded by fire letters in the inner workings of your humanness. A message that you can only read from the inside out.

>

> I ask you now beautiful daughters of the Grail, to imagine yourself standing in the center of a temple when you once were part of the Order of the Magdalene. For the Magdalene was not a town, for that town was named many years after I was gone after the Order had dissolved. The Magdalene was an Order of the sacred feminine. Imagine now that you are standing on the inside of your body, standing as the beautiful, youthful divine goddess that you are on the inside. Your physical body is as a temple. Stand in the center and look at the walls of your inner physical temple. There are glyphs and sacred writings, some are ornamental, some are on sacred objects, and some are hidden within alcoves and inserts.

>

> With a thought imagine yourself reaching for a place within yourself that holds the sacred encoded writing. Place your hands and your third eye upon the sacred text that lives on the walls inside your body. Now move your heart to it, place your breast against it, and let your heart beat with it. It is your heartbeat that will awaken the truths inherent within.

>

> Just like the sacred temples around your world, there is documentation of who and what came before, of those that came from the stars and other spaces in time. In your Biblical text, your body is referred to as a temple. But you have forgotten that your body physically is a room of light made physical, a room that holds sacred memories, a place that you keep the treasures of truth.

>

> When ever you had to let go of something that was ancient and secretive you somehow gave it to yourself into your flesh. You somehow integrated the encodings on some level. Some of you placed the ashes of the sacred scrolls into an oil and when you smell that oil to this day, it brings forth memories of that time period for you memorized everything before you destroyed it.

>

> When Venus stood before the sun exclaiming, proclaiming, and explaining who she was to Old Sol. She gave you the opportunity to walk within the sacred temple of your inner sanctum. You have this order of Magdalene encoded within you. In this incarnation you chose DNA remembrance programming from your parents, places where you have walked, places where you have visited, texts you have read in order to accumulate and activate this ancient knowledge.

>

> All the years that you have walked upon this earth, you have been filling the Chalice of the Grail within you with these truths. You have been a collector of everything that you were in charge of sacredly in ancient times. , Holding the ancient texts in flesh, holding the true Bible translation, holding the healing rituals from the temples all over the earth. You planted ancient trees over what you buried that was truth, that was wisdom, that was sacred, that was written. You hid these keys everywhere hoping one day to walk upon that place and remember.

>

> Take a deep breath now. I want you to breathe in me. Breathe in your belief in me. Breathe in the schooling that we went through together. Breathe in the deep love that you once had for one another. Breathe in the ancient truths that we recited together. All of it is available to you daughters of the Grail, daughters of the Light.

>

> In the next 8 years that sacred encoding is going to be seen by you. It may come in a dream, it may come through a book, it may come through a tattoo, but it seeks you as much as you seek it. It has never forgotten what you smell like. It has never forgotten what you look like. It has never forgotten the sound of your voice. For the one thing that has stayed the same incarnation after incarnation has been the vibration within your voice. That is the reason that sometimes people are repelled by your voice and sometimes others are hypnotized by your voice for it has always been your calling card, your energy signature, and your activation sound.

>

> And as we move forward together and discover more and more about one another, you will find that those sacred temples that you seek to visit physically now become an external activation point. You can call to them as they beckon or you can visit them physically, but do not be disappointed if you can not get there physically due to one interference or another. Part of the upheaval within the world, part of the energies that stop others from visiting the sacred religious sanctuaries and temples of the earth are deliberate of nature. Part of the terrorist motive is to limit your remembrance to keep you from Egypt, Jerusalem, Israel, Machu Pichu, and the temples of Greece, Stonehenge and so many others. Everything says, "Life is too violent to go on a pilgrimage physically".

>

> But I speak to you of this, daughters of the Grail, in ancient times it was much more dangerous then it is now. None of you are targeted for any kind of demise through any kind of negative action taken by another. For as you enveloped me in this protection of light, you are enveloped as such. And many times in your daily events you experience the vibration of invisibility. Seen but not seen. That is a gift that the character Harry Potter gifted to you as an audience. For invisibility has its fine points and there will be times when you will have to call upon that cloak and look from the inside out. When you are invisible you can still see.

>

> Do not let anything stop you as your heart moves towards remembering from the inside out. Each day go into that internal temple and sit and look. The summer months give to you the rememberings of the ancient Atlantean stargates, the ancient motherland of MU and the energies of Lemuria and ancient Egypt. All of these came before

Jesus and I were born. Do you think that we just sat around in one lifetime waiting to go through all the misery and pain? We were very much active before recorded history and we will be very much active after recorded history. When you visit those lands of ancient thought, we will always be there in one form or another. Always we have been a holy couple and always we have been side by side. Once again place your back in the sacred temple of inner encodings. Put your spine against it. Put your head against it. Lean back. There were specific glyphs and encodings that were placed at your height that needed to be activated.

This Awakening will occur within the cellular records of the Pineal Gland. These cellular records are held within a crystalline structure, which exists in the codon of the DNA. In this workshop we will enter portals of transformation using vibrational tools that will install new understandings of ancient truths.

> Spiritual Response Therapy (SRT) is a system of researching the subconscious mind and Soul Records to quickly find and release the discordant, limiting ideas and replace them with supportive ideas and beliefs. SRT provides an exacting, powerful, virtually painless and accurate way of changing the landscape of your inner and outer lives. This "research," includes finding past life energies, subconscious blocks, and negative soul programming. Once identified, these blocks and negative energies can be cleared from the subconscious, soul (Akashic) records, allowing you to heal yourself on all levels. SRT was developed by Robert E. Detzler, and has been used by thousands of students since 1988. Spiritual Response Therapy (SRT) can clear past lives and negative energies that are keeping you from attaining your highest expression! You can experience tremendous release of blocked energies, depression, phobias, addictive/compulsive behavior patterns, etc.
