

## **OPPORTUNITIES FOR CHANGE ABOUND**

For many decades, Lightworkers all over the world have been striving to make a positive difference in the lives of Humanity and all life evolving on this planet. Little by little, our individual efforts drew the attention of like-minded people in our communities. Lightworkers began gathering in groups to invoke the Light of God to assist Humanity in healing the maladies existing on Earth.

Gradually, our heartfelt pleas drew the attention of our sisters and brothers in the Realms of Illumined Truth. We asked these Beings of Light to join with us and to assist us in our endeavors. Through an act of unprecedented Divine Grace, our Father-Mother God granted a Cosmic Dispensation, and the Company of Heaven was given permission to come through the veil to meet us halfway.

Since that time, the floodgates of Heaven have opened. Miraculous things have taken place, and the hearts and minds of Lightworkers around the world are united as never before. This has created a planetary grid of Divine Love. The grid flows from Heart Flame to Heart Flame engulfing the entire planet. Our collective consciousness and the grid of Divine Love have created the most powerful force of Light on the planet. Together, Lightworkers are changing the course of history.

We are now on the brink of the greatest shift of energy, vibration and consciousness ever to be accomplished in any system of worlds. Once again, our unified efforts are needed. At this very moment, the I AM Presence of every man, woman and child is standing in readiness awaiting the opportunity to take full dominion of the physical, etheric, mental and emotional bodies of each one. In order for this to occur, Humanity's Earthly Bodies must be raised in vibration to a frequency of Light that is compatible with our I AM Presence. This is no small feat.

The end result of this acceleration of vibration within our Earthly Bodies and the integration of our I AM Presence will be the Transfiguration of our carbon-based planetary bodies into the perfection of our crystalline-based Solar Light Bodies.

The Directors of the Elements and the Mighty Elohim, the Builders of Form, are assisting with this vitally important facet of the Divine Plan. Incredible activities of Light are taking place all over the world to assist us in accomplishing this mission.

One of those events involved a powerful gathering of Lightworkers that took place in Turkey on November 1, 2006. I was invited to be on a speakers' panel for the global symposium titled "Call to World Peace from the Universal Brotherhood" in Istanbul. This was the 12th annual event of its kind. The Divine Intent of this gathering of Lightworkers is to build the foundation for a happy and peaceful world by projecting Universal Brotherhood and Reverence for ALL Life into the collective consciousness of Humanity. This annual event is a unifying force that is creating a ring around the world with Humanity standing hand in hand on the Path of Light.

This annual event is sponsored by the World Brotherhood Union Mevlana Supreme Foundation. The event itself was truly spectacular. It was held in a beautiful community center that holds over 2,500 people. The center was filled to capacity. The event was divided into three phases:

- \* The speeches of the four-member speakers' panel
- \* The awards given to people who added to the Light of the world through outstanding community service
- \* And the glorious music concerts that followed the ceremonies.

This event was truly a celebration of Light that filled the hearts of all who attended. One of the speakers said that the grandeur of this event seemed to be a combination of the Academy Awards and the honors for the presentation of the Nobel Peace Prize.

During the days that we were in Turkey prior to the event, it became obvious that multidimensional activities of Light were taking place.

Istanbul is a beautiful, modern city with a population of 17 million people. It has long been known by Lightworkers that Turkey is a powerful portal for the Divine Feminine. The Temple of Sophia, the Goddess of Divine Wisdom, pulsates in the Etheric Realms above Istanbul. For millennia this Temple has been a stabilizing influence in preparation for the return of our Mother God.

Turkey is the birthplace of Roman kings, Trojan warriors, Sufi saints and Old Testament prophets. It was the home to the Apostles John and Paul in the early days of Christianity. Mother Mary is said to have lived there, not far from Ephesus. That is where Paul preached his new ideas to the masses. Part of the ancient Babylonian empire, including the cave believed to be the home of the prophet Abraham, also exists in Turkey.

Mount Ararat is in Turkey. This is the location where Noah's ark came to rest according to Jewish, Christian and Muslim traditions. There is a cave in Turkey where Job is said to have spent seven years healing from his

wounds. Saint Nicholas, or the Being we know as Santa Claus, was born in what we now call Turkey.

Turkey was a predominant world power for more than a thousand years through the Byzantines and then through the Ottomans. It was the route through which the first silk and spice traders began their world-changing commerce between the Far East and Europe.

The influence of the Divine Feminine is everywhere in Turkey. The iconic symbols on its bold red flag—the star and the crescent—have long been associated with Islam, but its origins are traced to an earlier union of East and West. The Goddess Diana or Artemis claimed the crescent moon as her symbol, and Mother Mary was represented by the rising star. Turkey is a bridge between two continents. The subcontinent is called Anatolia or Asia Minor. Anatolia means “Full of the Mother.”

Hagia Sophia is a glorious edifice that was built in the form of a basilica in 360 A.D., during the era of Constantine. This is the Temple of Divine Wisdom, and it is dedicated to the Divine Mother. The physical Temple of Hagia Sophia pulsates below the Etheric Temple of Goddess Sophia.

As we visited the various sacred sites and historical places in that wondrous city, it became clear that the Flame of Divine Wisdom on the altar in the Etheric Temple of Sophia was expanding. This Sacred Fire was flowing into the Chalice of Light that was being formed by the building momentum for the gathering of the “Call to World Peace from the Universal Brotherhood.”

That event began at 7:00 p.m. on November 1st and continued until 2:30 a.m. the morning of November 2nd. During that time, the Feminine Aspects of our Mother God from Suns beyond Suns and the Feminine Aspects of the Spiritual Hierarchy throughout Infinity projected their luminous Presences into the atmosphere of Earth above Istanbul. Then, as one unified pulsation of our Mother God, these august Beings breathed the Flame of Divine Wisdom through the Heart Flames of the Lightworkers gathered in Istanbul and into the Heart Flames of every person evolving on Earth.

As the Flame of Divine Wisdom blazed through each person’s Heart Flame, it began to expand through the planetary grid of Divine Love. This grid was infused with the Divine Wisdom of our Mother God, and every facet of life on Earth was lifted into a higher frequency of energy, vibration and consciousness.

This gift from our Divine Mother was a Baptism of the Holy Spirit. Through this sacred blessing, higher frequencies of Divine Love and Wisdom than

Humanity has ever experienced penetrated into our collective consciousness. Since that time, the I AM Presence of every person on Earth has been expanding this gift the maximum that Cosmic Law will allow, according to each one's individual Divine Plan.

The Solar and Lunar Eclipses in March, the influx of Light from the Vernal Equinox and the influences from several rare planetary alignments have all added to the expansion of this Baptism of the Holy Spirit. This has all been part of the preparation for the integration of Humanity's I AM Presence and Solar Light Bodies, which is destined to occur later this year through the unified efforts of Lightworkers everywhere.

Now we are ready for the next critical step of our preparation. Day by day, our I AM Presence is gently guiding each of us through the preparation that will be most beneficial for our personal transformation. Some people are getting the inner promptings to change behavior patterns that no longer serve their highest good. Others are being guided to cleanse and purify their bodies and to raise their vibrations through harmony and balance. Some are being guided to increase their spiritual disciplines and to focus more on becoming One with the Divinity within. Still others are being guided to increase their spiritual activities and to intensify the Light they are adding to the world.

In addition to our individual preparation, we are being asked to join together in consciousness for some global events that will catapult us forward in our preparation process. One of those events will take place May 19-20, 2007, in Japan at the Fuji Sanctuary at the foot of Mt. Fuji. This event is called the Symphony of Peace Prayers.

The sponsor of this profound global event is the Byakko Shinko Kai. For over fifty years the Byakko Shinko Kai has been dedicated to world peace and the conscious development of Humanity. They have been organizing ongoing prayer ceremonies and promoting various activities and initiatives for peace around the world. One of the main events is The World Peace Prayer Ceremony, during which vibrations and prayers for peace are sent to every country on Earth.

In 2007 the event will be expanded to further integrate the three aspects of Science, Spirituality and Youth. The synthesis of science and spirituality, both of which have a vital mission and purpose, is paramount to the creation of peace on Earth. The Byakko Shinko Kai also feel that the pure and sincere voices of the younger generation are crucial in enhancing the consciousness of Humanity. It is most auspicious that members from these three areas will be invited for the very first time to Fuji Sanctuary in 2007 to commune in united prayers for peace to prevail

on Earth. This event is expected to draw over 10,000 participants from around the world.

The Symphony of Peace Prayers 2007 will be a two-day event. In addition to the main prayer event on Sunday, May 20th, there will be a Round Table Discussion on May 19th. Special guests will be invited to sit at this table to explore and share their visions for the evolution of consciousness and the creation of peace on Earth. A group affirmation will be presented on the day of the main event.

I have been invited to be a guest at the Round Table Discussion in Japan, and I am deeply honored. I am grateful to be able to participate in such a powerful opportunity to add to the Light of the world. Global gatherings of this magnitude, like the ones in Turkey and Japan, offer the Company of Heaven multifaceted and multidimensional opportunities to assist Humanity and all lifestreams evolving on Earth. This assistance is possible not only because of the unified Chalice of Heart Flames created by the Lightworkers physically present, but through the collective consciousness of all of those who are focusing on the particular activity of Light as well.

The Divine Timing of this gathering in Japan is impeccable. In the Heavenly Realms, May is known as the Mystical Month. This is due to the many activities of Light that take place during this time. May 1st is celebrated as Saint Germain's Ascension Day. May 8th is Guatama Buddha's Day of Enlightenment. The Full Moon of Taurus, which usually occurs in May, is the Wesak Festival. In many places around the world, one day in May is celebrated as Mother's Day. In addition to these celebrations, the entire month of May is dedicated to Mother Mary and the opening of the Immaculate Heart Temple, which pulsates in the Etheric Realms in the complex of Temples above the Holy Land.

The most important service Beloved Mother Mary performs for the Children of Earth is that she holds the Immaculate Concept for the expansion of the Immortal Victorious Threefold Flame in every heart. Through her steadfast focus on the Divine Potential—the Immaculate Concept—within every Heart Flame, Mother Mary has assured the Sons and Daughters of God a pathway Home.

This year, because of the awesome opportunity for change being presented to every person on Earth, Mother Mary is intensifying her service to the Sons and Daughters of God. She is creating the circumstances that will allow each of us to expand at a greatly accelerated pace the Immortal Victorious Threefold Flame within our hearts.

As the Immortal Victorious Threefold Flame within our hearts expands, it dissolves the shadows and the effluvia of our past human miscreations. This purification creates the environment for the Transfiguration of the lower consciousness into the I AM Presence. This is a vitally important step in our preparation for the Divine Plan that is unfolding this year.

In Japan, within and above Mt. Fuji, pulsates the sacred, multidimensional Temple of Divine Alchemy. The Hierarchy of this focus of Light is the Ascended Being Kamacura. Divine Alchemy is a potent quality of the Violet Flame, and it is a critical element in the Transfiguration of our carbon-based planetary bodies into the infinite perfection of our 5th-Dimensional crystalline-based Solar Light Bodies.

During the sacred gathering at the base of Mt. Fuji May 19-20, 2007, Mother Mary will join with Kamacura and the entire Company of Heaven to expand the Heart Flame within every man, woman and child on Earth. As the Prayers for Peace flood the Earth, a shift will take place within the Divinity of each heart.

As each Heart Flame expands, the I AM Presence will assist in dissolving the shadows cloaking the electrons of Humanity's physical, etheric, mental and emotional bodies. This will allow this base substance to be purified and drawn into higher frequencies of purity. This process of Divine Alchemy will pave the way for the integration of Humanity's Solar Light Bodies in preparation for the integration of the I AM Presence. This will be the initial impulse of the eternal Era of Peace.

This is a global opportunity for every person on Earth no matter where we are on the planet. Those of us who are aware of this opportunity have the ability to serve as surrogates on behalf of all Humanity. All we have to do is focus on this Cosmic Moment and ask that as the Light of God expands our Heart Flames and Transfigures our Earthly Bodies, it does so for all Life evolving on this precious planet.

May Peace Prevail On Earth.  
And so it is,  
I AM, I AM, I AM.
