We are moving into the Light at warp speed, and 2007 is going to be a year of breathtaking change. These unprecedented changes will occur not by happenstance but through the unified efforts of awakened Lightworkers and the Company of Heaven.

Lightworkers are being called to a higher order of Divine Service this year. We are being asked by our Father-Mother God to fully accept our Divine Birthright as the cocreators of Heaven on Earth. It is time for all of us to unite, and it is time for us to deliberately and consciously magnetize into the physical plane of Earth the patterns of Heaven on Earth that have been victoriously established in the Realms of Cause over the past two decades.

For 20 years, the Light of God has been increasing on Earth at a record pace. During that time, myriad activities of Light have been successfully accomplished by the Beings of Light in the Realms of Illumined Truth and embodied Lightworkers on Earth. As a result, miracles have taken place in the Realms of Cause.

Once something is successfully accomplished in the Realms of Cause, nothing can prevent it from manifesting in the world of effects. The only variable is how long it will take for the changes to be tangibly realized in the physical plane. That length of time is determined by the thoughts, words, actions and feelings of you and me and every other person on the planet.

During this accelerated time frame, which began with The World Healing Meditation on December 31, 1986, Lightworkers all over the world have been gently breathing these newly established patterns of perfection into the physical, etheric, mental and emotional strata of this planet. These patterns filtered into the hearts and minds of people everywhere, and a quantum shift of consciousness has taken place within Humanity. People all over the world are awakening to the Oneness of Life, and they are beginning to realize the interconnectedness of all things.

In the midst of much chaos and confusion, there is outer-world evidence of genuine, positive change taking place. Now it is the responsibility of the Lightworkers to stay focused on what is good and healing for all Life on Earth. We are in the process of creating a New Earth, and everything we think, feel, do and say makes a tremendous difference.

Cocreating Heaven on Earth may seem like an unobtainable quest in the face of outer-world appearances, but this Fiat from the Heart of the Cosmic I AM, All That Is, is ringing throughout the whole of Creation. With the unified efforts of Heaven and Earth, our Victory is assured.

2007 is numerically a nine (9) year, which resonates with the frequency of completion, fulfillment and many more qualities that will be available to assist Humanity throughout the year. If we are aware of these energies, we can consciously utilize them in ways that will assist us with our Earthly challenges and enhance our ability to reach our highest potentials.

In addition to completion and fulfillment, a nine year reverberates with the following characteristics:

Pure selflessness.

The fulfillment of self by the giving of self.

Universal understanding of all people and all things.

The comprehension of the interrelationship of all things and all people.

Love and compassion for all people.

A view of Life without prejudice.

The brotherhood and sisterhood of Humanity.

Love for all people based on the understanding of the basic human condition.

Tolerance and forgiveness.

Generosity and benevolence based on the Oneness of Life.

The sacrifice of self for the betterment of all Life evolving on Earth.

Go within the deepest recesses of your heart, and contemplate the characteristics of 2007 listed above. Feel these energies enhancing all of your hopes and dreams for the New Year. Know that this is a moment for which you have been preparing for a very, very long time.

Ask your I AM Presence to reveal to you the changes that will transform your life this year and how you can assist the process through your daily actions and activities of Light.

The following activity of Light has been given to Humanity by the Beings of Light. It is designed to help prepare our Earthly Bodies for the monumental changes and the increase of Light we will be experiencing in 2007.

As you prepare to assimilate this sacred experience, please focus your attention within the heart of your I AM Presence.

The meditation is stated in the first person, so you can experience it personally and tangibly.

ASCENSION INTO THE I AM PRESENCE

I AM sitting comfortably in my chair with my arms and legs uncrossed. My spine is as straight as possible. I AM instantly relaxed and peaceful. I empty my mind of all of the thoughts of the day, and, for this moment, I go within and focus my attention on the Divinity within my Heart.

I have walked through the winter of my discontent into the glory of a New Day filled with the full-gathered momentum of Heaven on Earth.

Victory is mine! Victory is mine! Victory is mine!

The Perfect Balance of my Father-Mother God and the I AM Presence of every evolving soul have now RETURNED to Earth!!!

With this inner knowing, I realize I have the awesome responsibility of BECOMING the full manifestation of my I AM Presence while I AM in embodiment on Earth. This literally means integrating my luminous Solar I AM Presence into my four Earthly Bodies at an atomic, cellular level, thus filling every electron, every atom, every subatomic particle and wave of my bodies and all the space in-between the atoms and molecules of my bodies with the multifaceted 5th-Dimensional Solar Light of my I AM Presence.

This integration allows my I AM Presence to take full dominion of my physical, etheric, mental and emotional bodies. As this occurs, my thoughts, words, feelings and actions reflect the Divine Love, Harmony and Balance of God.

This transformation is changing my physical reality into the limitless physical perfection of Heaven on Earth. This may seem too good to be true, but it is the Divine Fiat, the Cosmic Decree of my Father-Mother God, and this Divine Fiat is now ringing throughout the Universe.

This is a unique gift, a sacred opportunity, and it is being presented to every man, woman and child on Earth right here and right now.

I contemplate this Truth, and as this sacred knowledge resonates in my heart of hearts, I experience the Immortal Victorious Threefold Flame in my heart expanding and expanding until it envelopes my four Earthly Bodies.

My I AM Presence now lovingly commands my lower human consciousness to release my physical, etheric, mental and emotional bodies.

"Lower human consciousness, I Love you, and I AM grateful for the opportunity you have provided for growth and learning in this physical plane, but I now command you into the Light.

"Lower human consciousness, with Divine Power and Love, I AM the I AM Presence commanding you now to...

"Release my physical body, and return to the Light.

"Release my etheric body, and return to the Light.

"Release my mental body, and return to the Light.

"Release my emotional body, and return to the Light.

"Lower human consciousness, I now Love you Free into the higher schools of learning where you will be Transmuted into God's Perfection."

My I AM Presence now steps into the full authority of my four Earthly Bodies, and my vehicles are raised into the perfection of my 5th-Dimensional Solar Light Bodies.

I Ascend in consciousness into the Kingdom of Heaven, the vibratory Realm of Limitless Physical Perfection... the Realm of my Solar I AM Presence!

I stand forth now as a complete God Being within the glorious multicolored, multidimensional radiance of my Solar I AM Presence. My heart, mind and voice are centered within the Twelfefold Solar Flame of my Solar I AM Presence.

My feet are planted firmly on Earth, and simultaneously I AM One with all of the Ascended Realms of Limitless Perfection. I AM a God Being of resplendent Light, now realizing the fullness of that Light on every level of my Being. As I AM lifted up, all Life is lifted up with me. Therefore, I know that within my Solar I AM Presence, I AM now ALL Humanity standing forth and realizing we are God Beings on every realm associated with this planet.

Within my Solar I AM Presence, I AM the Cosmic Flame of Harmony, liberating Divine Solar Light into every physical and chemical interaction within my vehicles, healing and restoring all the energy bonds between atoms and within atoms to the Solar vibrational frequency of limitless perfection.

I know, with all the faith of my precious I AM Presence, that contained within this flowing electronic pattern of Light is everything necessary to heal my physical body and the entire physical realm. It contains everything necessary to set straight the orbit, spin and electronic charge of every cell, atom and electron of Life on Earth. I feel all energy bonds within the atomic realm now accelerating in vibration toward the frequency of limitless physical perfection. Every cell of Life is now blazing with the full perfection of 5th-Dimensional Solar Light.

Within my Solar I AM Presence, I AM this Divine Light of God liberated in every interaction within Humanity and all the energy bonds therein—which include the relationships of all people, organizations, races, religions and nations—liberating these interactions into the harmony of a Higher Order of Being, expanding the Sphere of Humanity's Solar I AM Presence on Earth.

With the Peace of the Great Solar Quiet, I know this Higher Reality within my mind. I AM receiving clearly the Divine Promptings, Ideas and Concepts of my Solar I AM Presence. I feel this Higher Reality within my feeling world, Itself within the great Causal Body of God. I AM a calm ocean of Divine Qualities, blazing forth the Sacred Fire Breath of Holy Spirit.

I AM now a living, Light-filled Temple of indestructible Perfect Health, Radiant Beauty, Eternal Youth, Vitality and Joy. I AM Solar Light Bodies of I AM Consciousness now made manifest in the physical plane of Earth. And so it is.

I now return my consciousness to the room. I become aware of my body, and I and allow these Divine Energies to be assimilated into my physical, etheric, mental and emotional bodies.
